

## nüvi® 1370T

Travel the world with the ultra-thin, pocket design, widescreen sat-nav. The Garmin nüvi 1370T transatlantic navigator is preloaded with mapping for Europe (including UK and Ireland), the USA and Canada. It has Bluetooth® wireless technology for handsfree calls, Lane Assist for help at upcoming junctions and ecoRoute™ to calculate a more fuel-efficient route. It is also compatible with the optional cityXplorer™\* download to get you around on foot or public transport, and you can even add City Guides to make the most of your time in town.

### Key features

- Only 15mm thick – ideal for use in and out of the car
- Bluetooth® wireless technology for handsfree calls
- Lane Assist to show you to the correct lane for upcoming junctions
- Public Transport & Pedestrian mode with optional cityXplorer™ download
- New optional AA City Guides for restaurant listings, attractions and more
- Street level mapping for the Europe, USA and Canada
- Garmin's unique speed camera warnings (database updated daily)
- nüvi announces street names before you turn – e.g. "Turn right into Dell Road"
- Optional accessory for traffic avoidance

### Great on the go - driving, walking or on public transport

nüvi 1370's widescreen but slim pocket design means you can take it anywhere. Use to its full potential by downloading [cityXplorer™](#) to navigate selected cities via trains, tubes or buses\* as well as on foot. Add an AA City Guide for your chosen city to find out about all attractions and places to eat, stay and shop.

\* Note: Public transport data may vary between cities

### Make hands free phone calls

Keep your eyes on the road and both hands on the wheel with nüvi 1210's integrated Bluetooth® wireless technology, microphone and speaker. Just pair with your [compatible mobile phone](#) and talk hands-free through the nüvi.

## Simplicity and safety

### Supreme route awareness

Avoid last-minute panics and lane changes with Lane Assist. It shows you the correct lane to be in for upcoming junctions, giving you supreme route awareness.

### Ultimate simplicity

nüvi 1370 has a simple, intuitive menu. Just touch the screen to look up addresses and get turn-by-turn directions. nüvi announces street names before you make a turning – e.g. “Turn right into Dell Road” so you can keep your eyes on the road at all times.

### Speed cameras

Garmin has a unique, pan-European speed camera warning system, giving real-time, reliable, and accurate alerts. nüvi 1200 has the location of fixed, average speed, mobile and temporary cameras already built in. New or moved cameras are constantly tracked and the database is updated daily.

### Where am I?

Just tap the car icon on your map screen for your exact coordinates, contact details for vehicle recovery services and directions to hospitals, police and petrol stations.

### Garmin lock

The Garmin Lock™ anti-theft protection system uses GPS to lock the unit to a secure location of your choice.

## Go Green and save fuel

The [ecoRoute™ fuel-saver feature](#) enables you to choose a fuel-efficient route which could even save you money as well as fuel. See the cost of the journey as you plan it and get scored for your performance with the Driving Challenge – good for identifying areas for improvement.

### Traffic Alerts (optional accessory for nüvi 1370)

Not every traffic service is equal. With Garmin you'll always know what lies ahead. And it's subscription-free, for life. Based on Trafficmaster data, there is extensive coverage of the road network (100% on motorways in England, Scotland and Wales). Know how long you'll be held up, and choose to be routed around the queues. There is pan-European coverage on selected sat-navs.

### Physical & Performance:

Unit dimensions, WxHxD:	4.8"W x 2.9"H x .6"D (12.2 x 7.5 x 1.6 cm)
Display size, WxH:	3.81"W x 2.25"H (9.7 x 5.7 cm); 4.3" diag (10.9 cm)
Display resolution, WxH:	480 x 272 pixels
Display type:	WQVGA colour TFT with white backlight

Weight:	5.7 ounces (161.6 g)
